## **ACTION for Healthy Communities' 2006 "Indicators Report" Presentation before the County of San Luis Obispo Economic Advisory Committee**

**SAN LUIS OBISPO, Calif.** – The San Luis Obispo County's Economic Advisory Committee (EAC) announced that it will host a presentation of the ACTION for Healthy Communities' 2006 "Indicators Report". Ms. Janice Fong Wolf, Director of Grant & Programs for the San Luis Obispo County Community Foundation will make the presentation at the EAC's regularly scheduled monthly meeting, Thursday, May 17, 2007, 3:00 – 5:00 p.m., Library Conference Room, First Floor, City/County Library, 995 Palm St., San Luis Obispo, CA.

John Brantingham, member of the EAC announced, "The Indicator Report represents a snapshot of the County's health. The economic indicator in the report looks at affordable housing, unemployment, availability of childcare, personal income and the overall economic well-being of the County". Mr. Brantingham invites all members of the public who are interested to attend.

The Indicator Report is conducted every two or three years and tracks the quality of life in San Luis Obispo County as expressed by the community. The indicators include: basic needs, education, the economy, health, natural environment, public safety and social environment. The San Luis Obispo County Community Foundation first convened the ACTION for Healthy Communities collaborative in 1998. Copies of the report will be made available at the presentation.
